

Before you visit A-1

A little prep makes choosing your doors and mouldings easier. You don't need to know all the answers — bring what you have and our team will help you figure out the rest.

✓ PHOTOS

Take a few photos of your space.

Doors: photograph the whole doorway, including the frame and hinges.

Mouldings: photos of your rooms, the existing trim and your overall home style.

✓ MEASUREMENTS

Bring any measurements you already have.

Doors: the width and height of each opening or existing door.

Mouldings: approximate linear footage, or the room dimensions.

Not sure how to measure? That's okay — ask us before you order.

✓ QUANTITIES

Make a quick list of what you need.

- | | |
|---|--|
| ☐ Interior doors | ☐ Exterior / front door |
| ☐ Closet doors | ☐ Mouldings & trim |
| ☐ Door hardware | ☐ Folding door system |
| ☐ Other _____ | |

✓ INSPIRATION

Have a look you love?

Bring screenshots, Pinterest photos, plans, drawings or photos of homes you like. They tell us your style far faster than describing it.

✓ YOUR PROJECT

It helps us to know:

- ☐ New construction or renovation
- ☐ Approximate project timeline
- ☐ Ceiling height
- ☐ Replacing existing doors and trim, or starting fresh
- ☐ Any floor plans or builder drawings

✓ YOUR BUDGET

You don't need an exact number.

Even knowing whether you want budget-friendly, mid-range or premium options helps us show you the right products first.

Don't have all of this? Come anyway. You don't need to be a door expert — that's our job. Bring your photos, measurements and ideas, even if they're incomplete, and the A-1 team will help you work through your options.
